Mobile rotary UPS 900kW - 1800kW / 2000kVA scalable

Specification and Data:

Voltage:	3ph 380Vac – 420Vac, with Transformer up to 25kV
Frequency:	50Hz and 60Hz
Rating:	900kW – 1800kW /2000kVA , scalable within one Container adjustable redundancy due to Modular Setup
Efficiency at 25% Load:	96% (at 400Vac)
Noise:	53 dB(A) @ 7m
Ride through time at 75% Load	27 seconds
at 50% Load	40 seconds

Container Specification:

length: 9,2m
width: 2,5m
height: 2,6m
weight: 30 Tons (at 1500kW configuration)

Sample Layout for Medium Voltage Application:

(Genset , Transformer and Switchgear is also available)
